## **3 DAY FOOTWEAR & TIRE TRACK IMPRESSION COURSE**

This 3 day workshop is designed for police officers, detectives, crime scene investigators, and criminalists who recover footwear and tire track evidence at crime scenes. Inexperienced officers and seasoned investigators alike will expand their abilities using the concepts and methods taught in this class.

This course focuses on modern techniques for the recovery, documentation and preservation of footwear and tire track impressions. The techniques taught in this class are in accordance with SWGTREAD recommendations and IAI Crime Scene Certification reference materials.

Students will benefit from lectures with case examples in conjunction with hands-on exercises with a focus on photography and collection techniques. Students are required to bring their own cameras and tripods (group work is acceptable). See our website for more course information.

**Instructor: Timothy Burt (CSCSA/CCSR)**
