

3 DAY PHOTOGRAPHY COURSE

This 3-day workshop is designed for police officers, detectives, crime scene investigators, and criminalists who use photography to document crime scenes or evidence. Inexperienced officers and seasoned investigators alike will expand their abilities using the concepts and methods taught in this class. All information in this course is taught in accordance with standards set forth in the International Association for Identification (IAI) certification reference materials.

Course Topics:

- Terminology
- Camera functions and settings
- Exposure theory
- Digital imaging basics
- Lighting techniques
- Properties of light
- Situational applications
- Workflow and policy development

Students will benefit from lectures, case examples and several hands-on exercises. Students must bring DSLR cameras and tripods.

(NOTE: This course is also available as a 5 Day Course which allows for more time for students to apply the above topics and introduces some advanced techniques.)
