

FOCOSS Forensics

Forensic Comparative Science Specialists, LLC

5 DAY CRIME SCENE PROCESSING

Instructor: Timothy Burt (CSCSA/CCSR)

This course is designed as an introduction or refresher for patrol officers and detectives. Topics covered in this course include:

- Crime scene security
- Crime scene documentation
- Photography
- Evidence Collection
- Latent Processing
- Footwear Impression Evidence
- Fracture Match Evidence
- Trace Evidence
- Bloodstain Evidence

This course is taught through presentations, demonstrations and practicals. Dress is business casual. Students must bring a digital camera, flashlight and tripod. The last day will consist of processing a mock crime scene. For a complete course outline, please visit www.focossforensics.com.
